

Videotron brings its service to Amos businesses

A first in Amos: 400 Mbps Internet!

Amos, October 13, 2020 – Videotron Business, a division of Videotron, announces that it is launching its business service in the Amos area. As of today, small, medium and large companies located in Amos and environs can contact Québec's telecommunications flagship to take advantage of its business solutions.

A few months after coming to Abitibi households, Videotron is bringing its best-in-class service to local businesses. Videotron Business' initial product offering includes Internet access and cable telephone service.

"Videotron Business' expertise is recognized throughout Québec," says Jean Novak, President of Videotron Business. "We are particularly proud to be able to offer the same speeds and rates in Amos as we do in the major centres. In addition to our products, Amos businesses will be able to take advantage of our staff's expert advice on customized solutions that meet their needs."

Speeds to match the ambitions of SMEs

Many businesspeople have expressed understandable dissatisfaction with the speeds currently available on the market. Videotron Business wants to give them the means to achieve their ambitions and boost their productivity by offering the fastest speeds ever recorded in Amos. In the coming days, Internet access service with guaranteed 400 Mbps download speeds will be launched for local businesses – at a surprisingly low cost.

Teleworking solutions for the new environment

Videotron Business will also offer a [new set of solutions](#) to enhance teamwork, security and productivity for teams working from home. The packages include dedicated Internet access, advanced cloud communication features, cybersecurity and mobile devices.
