

Videotron launches 2.5 GIGA symmetrical Internet plan

Montréal, 18 June 2025 – Videotron is pleased to announce the introduction of its new 2.5 GIGA symmetrical speed Internet plan. Powered by Videotron's 100% fibre network, this new service is now available in many parts of Québec, including Abitibi-Témiscamingue, Montérégie, Québec City, Lanaudière, the Laurentians, Saguenay-Lac-Saint-Jean, Bas-Saint-Laurent and Côte-Nord.

High-performance connection for modern needs

2.5 GIGA Internet features lightning-fast symmetrical speeds, offering the same peak download and upload speeds. It is perfect for connected families, home workers and content creators who require high upload speeds for large files, professional video conferencing or online gaming.

“We are proud to take innovation to the next level with our 2.5 GIGA plan, which delivers on our ongoing commitment to always give our customers more,” says Jean B. Péladeau, Senior Vice President and Chief Marketing Officer of Videotron. “This new fibre-powered plan is a big plus for customers who need a high-performance two-way connection.”

2.5 GIGA Internet is now available in all areas covered by Videotron's 100% fibre optic network. Customers can visit Videotron's [website](#) to check service availability at their address and for full details of this new plan.
